

CABLE TV

As a St. Johnsbury House Senior Living resident, I want you to be aware of other optional services offered at the St. Johnsbury House, specifically that we are able to offer simple hassle-free access to **discounted cable television**.

Access to cable television service is available exclusively to the residents at the St. Johnsbury House and is not available to the general public. It is the same standard package and programming provided by other cable service providers in the area. The price is where we differ, as the St. Johnsbury House uses bulk purchasing abilities to create great savings for our residents. Cable television service is provided at a **discount of about 30%** when compared to other cable service providers in the area.

Below please find the current rate sheet for you to compare pricing with that of the other cable television providers. I believe the St. Johnsbury House will meet your needs and add to your monthly savings.

Sincerely,

Karen Fife
Community Manager
